Re: Letter of Recommendation

To Whom It May Concern:

It is with much enthusiasm that I write this letter of recommendation for HL Restoration Company.

I have recently worked with HL Restoration on a project in Missouri renovating critical care units. HL Restoration provided remedy service work for the owner and did a very good job.

HL Restoration responded quickly to our client's need for service, communicated well with all construction personnel, and the client remains very satisfied with the work they performed. HL Restoration's utilizes independent third-party testing services when applicable and remains fully vested through the testing process.

We would not hesitate to recommend HL Restoration Company or one of their many services and hope to work with them again on future projects.

Should you wish for any further information about HL Restoration, please get in contact with me via the information below.

Thank you.

Mike Walters, Superintendent
Murray Company
